I happened to be in a tobacconist in Vevey yesterday, who had the full "Marlboro PIN's" collection. Given that PIN's, as I believe they are called, seem primarily to be collected by children, is it your view that they are consistent with the PMI Marketing Code?

As a related matter, do you think it might be useful at some point to have a meeting with the Swiss marketing group to discuss the Marketing Code and the new philosophy on diversifications?

Please let me know.

Andy

I think Andy has a good point and I agree with his idea to get together.
